**AREA II**

- **Yellow Medicine One Watershed One Plan (1W1P):**
  - All 10 MOA partners have adopted the Plan by resolution.
  - The Policy Committee has been established replacing members who have retired or were not re-elected.

- BWSR Board approved the SAM-ACPF linkage grant on March 22. The 1W1P grant amendment and RESPEC contract should arrive soon.
- The Plan Work Group is scheduled to meet April 17 to draft the MOA for Implementation of the Plan.
- Area II is now in possession of the R8 GPS unit (Lyon SWCD) and the Trimble 5603 Total Station (NRCS). Training and computer file transfers were done by Frontier Precision on March 23. The equipment has been added to the MCIT-insured equipment list. NRCS paid for cleaning and calibrating of the total station.
- A Senate hearing was held March 7 for the administrative funding increase request. The testimony went well and the bill laid over for possible inclusion in the omnibus bill. A House hearing request has been made. Area II is currently included in the House bill at \$140,000/year.
- American Engineering Testing has completed their work. Reports should be forthcoming soon.
- Netzke and DeSchepper attended the YMRWD meeting on March 15 for the Nordland 6 Road Retention (Lyon County). All parties wish to proceed and YMRWD allocated \$10,000 toward the \$27,000 local match. The two townships are determining their contributions and Lyon County will be asked for partnership as well.

### **RCRCA**

- The final walk-through for the Storm Water Assessment Grant (SWAG) for the Cottonwood and Redwood River watersheds was held March 20. We are basically ready to begin work and working with MVTL lab on the separate grants, sample bottles, bottle labels, extra coolers, etc.
- The “Local Work Group Kick-Off” meetings for the Phase 1 WRAPS for the Cottonwood and Redwood watersheds have been set for April 19 in Wabasso. This meeting is to establish the LWGs, summarize the work plan and sampling schedule/sites, and develop a plan to approach the civic engagement. The \$7,000 amendment to the \$70,000 grant is being routed through MPCA for approval to reimburse RCRCA for mileage, staff time, and testing expenses. Unlike previous WRAPS projects, the LWG staff will be reimbursed at \$40/hour.
- RCRCA co-sponsored a Soil Health Workshop with NRCS on March 29 in Marshall. This was done through the Redwood River Turbidity Reduction Grant with past RCRCA cooperators receiving a special invitation. Of the 150 invitation letters mailed out, 23 were returned as the recipients had either moved or passed away, and 15 cooperators attended the workshop. With RCRCA serving as the fiscal agent, several donations will be received to offset the expenses for the workshop.

**PROPOSED DAM REMOVALS ON THE COTTONWOOD RIVER.** Netzke attended the meetings regarding the removal of 2 dams near Sanborn and one by Lamberton. The dams were not constructed for flood control purposes, but rather recreation. The Minnesota Legislature approved \$850,000 for this project to remove the three dams and install riffles or rapids. At both meetings, the public was concerned about maintaining current water levels. Several similar dam removals in the region were listed with successful results. All three dams must be removed as part of the grant to improve this reach of the Cottonwood River. The consensus of the groups was move forward with the removal project.

**RCRCA – JOINT POWERS AGREEMENT RENEWAL (July 1, 2017 – June 30, 2019).** Netzke provided the Board with a draft RCRCA Joint Powers Agreement. Netzke will provide the county and SWCDs with the Agreement, noting that only the dates were changed with the appropriations remaining the same. The RCRCA partners will be asked to authorize their delegates to sign the Agreement at the June 1<sup>st</sup> Board meeting.

**RCRCA SUMMER CANOE TRIP UPDATE.** Netzke reported that the canoe trips have been set: Redwood River on June 20<sup>th</sup>, Cottonwood River on June 22<sup>nd</sup>. Postcards will be mailed to past participants that have requested to be reminded of the trips, postings on Facebook and the RCRCA website, and flyers provided to the counties and SWCDs to be posted in their offices. Subway box lunches are planned for the meal. Bruns provided some flyers to the board members. Lingbeek recommends that we look into getting info/story/pictures in the local newspapers free of charge.

**RCRCA CANOE/KAYAK RENTAL RATES.** Netzke would like the Board to review the current rental rates of \$6/day for a canoe and \$3/day for a kayak, damage deposit of \$50 for each.
